

AS  
03

- 
- The diagram illustrates the owl:sameAs relation between two entities. Two photographs of Lionel Messi are shown, one labeled "Lionel Andrés Messi" and the other "L.A. Messi". A dashed line with "owl:sameAs" connects them. Below each photo is a set of properties (name, birth date, weight, etc.) represented as nodes in a graph. A green oval highlights the "soccer player" label, and a red oval highlights the "footballer" label, indicating the same entity under different names.
